Professional Summary

Analytical Data Scientist with 4 years of experience leveraging machine learning and statistical modeling to extract insights from complex datasets. Skilled in Python, SQL, and cloud-based analytics, with proven expertise in predictive analytics and business impact generation.

Skills

Programming Languages: Python, R, SQL

Frameworks & Libraries: Scikit-learn, TensorFlow, Pandas, NumPy, Matplotlib

Tools & Platforms: Power BI, Jupyter, Git, AWS S3

Other: Data Wrangling, Feature Engineering, Model Deployment

Certifications

- Google Data Analytics Professional Certificate
- Coursera: Deep Learning Specialization (Andrew Ng)
- AWS Certified Machine Learning – Specialty

Professional Experience

Data Scientist – Insight Analytics Pvt Ltd, Bangalore (Jul 2021 – Present)

- Built predictive models to forecast sales with 88% accuracy using regression and time-series analysis.
- Automated reporting dashboards using Power BI and Python.
- Collaborated with business teams to identify cost-saving insights worth ₹50L annually.

Data Analyst – Quantify Tech, Pune (Jul 2019 – Jun 2021)

- Cleaned and transformed large datasets using SQL and Pandas.
- Performed clustering and A/B testing for marketing campaigns.
- Designed data pipelines integrating multiple data sources.

Education

Master of Science (M.Sc) in Data Science, Symbiosis International University, Pune (2017 – 2019)

CGPA: 8.6/10
